Subject: COVID AMENDMENT - GENVASC

Importance: High

Short title: GENVASC

IRAS Reference 107325

EDGE: 13350

Dear Cat

Further to our recent discussion please find attached documents relating to the GENVASC study.

This amendment seeks to enhance current data collection to incorporate participant data relating to COVID 19.

There will be no amendment to the data collection process, the scientific critique or to the level of participant risk. Other than the collection of COVID related data alongside the currently collected data there is no other change to the study. Please note that this amendment will have no impact on staff capacity or local resources. This amendment will not be submitted to the NIHR portal.

Kind regards

Tara
